## Reference Letter for Opulently Driven & iWedding Cars

To whom it may concern,

The concierge team and events team at Sanderson have been working with Omar Sharif and the team at Opulently Driven & iWedding Cars since 2007. We have forged a very reliable relationship with the teams and all of our requests have been dealt with the utmost professional regard.

We have used a range of cars from both companies including Rolls Royce Phantoms, Phantom Coupe, Phantom Drophead, Maybach, Bentley and Mercedes S class.

It has been a pleasure to work with both teams and we will continue to use them as our preferred suppliers of Luxury & chauffeured vehicles.

We have would have no hesitation in recommending Opulently Driven & iWedding Cars to anyone requiring this type of service.

Kind regards,

Camilo Parra-Braun
